State of michigan raffle license

State of michigan raffle license lookup. State of michigan raffle license application.

Last update: July 2021 The colleges/departments/units/organisations of Michigan State University can conduct batches in accordance with the procedures and requirements of this policy. However, other charitable gaming events that require a state license, such as bingo and milionary parties, are not allowed. Definition of the lottery: a gambling in which lottery tickets are sold or taken into consideration, the winner (i) is determined by randomly extracting a ticket matrix from a container and a prize is awarded. Almost all the lotteries must be authorized. If your organization organizes a 50-50, an event with an admission/registration fee that includes participation in a door prize draw, or an extraction to complete something, such as a survey, these are lottery and should be authorized. General information about lottery, rules and forms can be found at State of Michigan, Michigan Lottery, Charitable Gaming Division at . Please note that the typical processing time for all lottery applications is 8 weeks. This includes MVU approval/signature and approvals of the Mich State The inability to obtain adequate licenses before a lottery event compromises MSU status as a qualified organization with the Charitable Gaming Division. Any college/departement/unit/organisation MSU that does not comply with this Lottery Policy may be permanently excluded for all future lottery applications. Those wishing to organize a lottery, such as fundraiser or as an extraction for random selection of prizes, must meet the following requirements and rules: Review carefully and follow the information and rules of the Michigan State lottery. Please note the following when examining the rules and holding a lottery: Tickets can only be sold to buyers aged 18 or over. Match logs must be kept for three years, plus the current calendar year. See Charitable Gaming Division's Raffle Guide for a detailed list of records for storage. The Charitable Gaming Division reserves the right to inspect any game registration before, during or after the event. You cannot use MSU accounts or university funds to purchase lottery tickets. Use the internet to sell lottery tickets. Sell lottery tickets by phone to people outside Michigan. Sell lottery tickets at events outside Michigan Mail lottery tickets for buyers. If you have any questions after examining the lottery rules and forms, please contact the MSU Office of the Tax Controller at 517-355-5029 or The only lotteries that do not require a licence are those where 1) All tickets sold or received are awarded in a single event and 2) The draw is held in the same event and 3) The total retail value of all prizes awarded does not exceed \$100 in any 24 consecutive hours. All other lotteries must be authorised. General information about lotteries, rules and forms can be found at the State of Michigan Charitable Gaming site. site. Also check the MSU Raffle checklist to complete the lottery/financial declaration application. You need to complete the Charitable Gaming Division Raffle License application using this link to the pre-filled form to begin the application process. The information is the same for all departments for the first page. Full pages 2 and 3 specifications for department and lottery information. Complete and route the MSU license application Raffle Cover Letter and raffle as instructed. All documents relating to the lottery must be addressed through the MSU Office of the Holder à Tax Services for review, approval and signing. Improper signatures will be rejected by the Charitable Gaming Division and could significantly delay the application process. The MSU Office of the Comptroller - Tax Services will review and process for the Office of the General Council (OGC), Senior Vice President, Chief Financial Officer and Treasurer, and signatures of the Board. The signed application will then be emailed and sent to the contact person of the raffle department. The department that owns the lottery is responsible for paying the license fee. The department holding the lottery is responsible for submitting the completed application, supporting documents and license fee, payable to the State of Michigan, at the address found at the bottom of page 2 of the lottery application. Once approved, the Charitable Gaming Division will send a package with the lottery license, directions and pre-filled "Raffle Financial Statement." After the lottery event, the department that held the lottery must complete the pre-filled Raffle budget that was sent in the raffle package of the Charitable Gaming Division, path for signing and return to the State of Michigan by the due date. If the pre-filled budget has been misplaced, empty forms can be found at the State of Michigan Charitable Gaming site. The financial account is due on the 10th day of the month following the month in which the raffle event took place. Failure to submit a budget will retain all other MSU lottery applications, which could be harmful to other departments. Similar to the application of the lottery, the Raffle Budget requires the signature of the MSU Executive. Unproper signatures will be rejected by the Charitable Game Division. To complete the lottery/financial declaration application, please refer to the MSU Raffle checklist. To address the financial budget for the required signature, complete the MSU Raffle Cover Letter and the path as instructed. The MSU Office of the Comptroller - Tax Services will review and process for Senior Vice President, Chief Financial Officer and Treasurer signing. The signed financial statement will then be sent by e-mail to the contact person with the Department. The department is therefore responsible for submitting the completed budget, by e-mail or by mail, to the contact information of the State of Michigan found at the bottom of the declaration form. If a prize has a value of \$600 or more and the prize value is more than 300 times the stake (ticket price), certain Internal Revenue Service (IRS) requirements must be met. Please contact the Accounting Manager, 355-5000, if you are awarding a prize worth \$600 or more to arrange the logistics of the federal tax return, including: When the prize is awarded, you must obtain a W-9 form from the award winner along with the winning driver's license number and the state that issued the license. This information is used to report game winnings to the IRS. If the prize is \$5,000 or more, MSU may be required to collect the withholding tax from the prize winner. In general, federal withholding rates are 24% with a W-9 completed (31.58% for some non-cash payments). The withholding tax rate in the State of Michigan is 4.25%. If any of the lottery prizes have been donated, they should be reported to University Advancement, Carolyn Fountain fountain52@msu.edu or 884-1028. University Advancement will require you to fill out a lottery prize donation form for each prize donated. University Advancement uses this information to formally acknowledge donations from donors if they meet certain requirements. Information about the prize must also be sent to the University's Director of Taxes (884-4279) if the prize is valued at or above \$600. Unrelated Business Income Tax Requirements If a unit wins more than one lotto each year, the IRS may claim federal unrelated business income tax (UBIT) on the net income of the business. In order to meet the federal exclusion for UBIT on charity games, the unit is required to keep an accurate record that reflects the number of hours worked at the lottery by paid workers and volunteers. Net income can be excluded if the volunteers do substantially all the work. Department records are subject to audit by the MSU office of the data controller à Tax Services. Please contact the MSU Controller's office at 517-355-5029 or taxreporting@ctrl.msu.edu for all lottery questions. 7 hours ago, Raffles. A lottery is a game of chance in which lottery tickets are sold, the winner (s) is determined by randomly drawing a ticket matrix from a container and a prize is awarded. Most designs require a license. If your organization wishes to host a lottery, a 50-50 draw or a door prize draw, each of these events requires a lottery license.
